# **Account Transactions**

#### **User selected Account Number Hyperlink**

Navigate to Account Transactions from the Account Number Hyperlink.

#### **1** Transaction Dates

The Account Transactions listing will default to Today for the Transaction Dates and therefore display today's transactions. Refine your search and select from several date filters. The Account Transactions will display based on the filter criteria.

#### 2 Download

Navigate to the download option where users can select QFX to download transactional information in the Quicken format or QBO in the QuickBooks format.
