

INTRUST Business Online and Mobile Banking Introduction Video Transcript

Experience INTRUST Bank's modern Business Online and Mobile Banking.

Convenient. Secure. Intuitive.

Access and manage your business accounts across all your devices. Built for businesses of all sizes.

Featuring powerful financial tools like a customizable dashboard, that gives you access to real-time account balances and transaction history.

Use payment tools like ACH origination to transfer funds electronically. Send domestic and international wires. Pay any business in the U.S. with bill pay.

Fraud mitigation resources for account security.

Informative reporting tools. Create custom balance reports and transaction reports to review your financial position. Get quick access to your favorite reports through the dashboard.

Create custom email and text alerts.

Control access with full-feature user administration. Create and edit users and assign appropriate account access to your employees.

All within a secure platform to ensure the safety of your business' accounts and information.

With INTRUST Business Online and Mobile Banking, we're committed to bringing forward-thinking solutions to support your business' long-term financial success.

INTRUST Bank. Tradition for Today.
