

VeriFone® PINpad 1000SE

1SOURCE

POWERED BY FIRST DATA
SUPERIOR SOLUTIONS. INFINITE POSSIBILITIES.™

The VeriFone® PINpad 1000SE is a rugged, secure, ergonomically designed PIN pad that can easily be connected to a variety of point of sale terminals and electronic cash registers to provide PIN-secured transaction capability. The PINpad 1000SE offers a fast, simple way to accept the latest PIN-secured payment methods, including debit and electronic benefits transfer (EBT).

SOLUTIONS SHEET

VeriFone® PINpad 1000SE

Versatile, secure PIN pad for PIN-secured transaction processing

WITH THE PINPAD 1000SE, YOU CAN:

- ACCEPT PIN-SECURED PAYMENTS AT THE POINT OF SALE
- ACHIEVE COMPLIANCE WITH LATEST SPECIFICATIONS FOR PIN ENTRY DEVICES, INCLUDING 3DES, MASTER/SESSION AND DUKPT
- GET FULL BACKWARD COMPATIBILITY
- CONNECT TO MOST POS TERMINALS AND ELECTRONIC CASH REGISTERS

UNPARALLELED SECURITY

The PED-compliant PINpad 1000SE puts you on the card industry's leading edge by incorporating a broad array of sophisticated security features to guard against fraud and abuse.

This includes full support for the Triple DES (3DES) encryption standard, and a choice of Master/Session or DUKPT (Derived Unique Key Per Transaction) key management methods. These key management schemes help provide protection against accidental or fraudulent tampering with the debit transaction data during the transfer to its host.

IMPRESSIVE EASE-OF-USE

The PINpad 1000SE features improved ergonomics with large, hard-rubber keys for ease-of-use, and a sleek new design that fits in the palm of a hand. The device is rugged and reliable, built to withstand the hard knocks at the point of sale. Most importantly, the PINpad 1000SE is fully compatible with the legacy PINpad 1000 and PINpad 101 families.
